

5-Gallon Air Compressors

Single Stage — Electric

AM1-HE02-05M

The perfect tool for finishing work with enough power for nail guns and other small air tools. Because it is electric, take it inside without worry of fumes or exhaust.

COMPRESSOR PUMP

- Cast iron cylinder
- Oil lubricated aluminum crankcase
- Stainless-steel braided discharge hose
- Inlet air filter

MOTOR

- Thermal overload motor protection

FRAME

- Powder coated twin tank assembly
- Protective pump/motor housing

COMPONENTS

- Regulator and two gauges for tank and outlet pressure
- Drain and pressure relief valves
- Industrial interchange quick connect fittings
- Start/stop control set at 95 to 125-PSI

LIMITED WARRANTY

- 1 year motor

CERTIFICATION

- CSA Certified – US and Canada
